DAV Educational Institutions

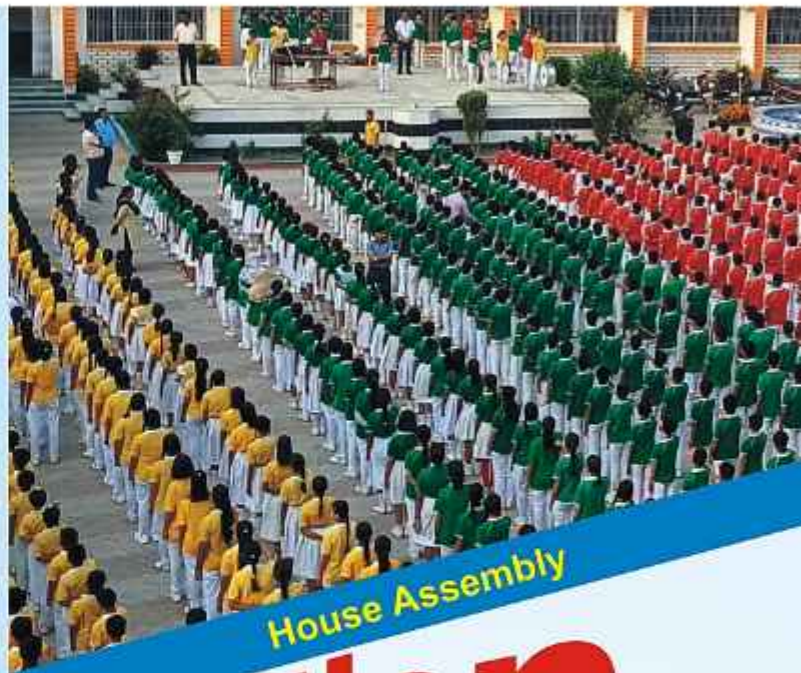

Vision & Visionaries

The DAV institutions are the gift of Arya Samaj, a progressive movement founded by Swami Dayanand Saraswati in 1975. Swami Dayanand Saraswati, the great path maker of modern India, led a crusade against the superstitions and pernicious practices that prevailed in contemporary India.

With a view to bring about a balanced and harmonious development of the future citizens of this country and infuse in them the ideals of Vedic Culture and high sense of patriotism, Arya Samaj founded a school at Lahore in 1886 by the name of Dayanand Anglo Vedic School. This established the DAV College Trust & Management Society, which later set up a network of such educational institutions all over India and abroad.

The DAV Movement would not have achieved its goal had not a young brilliant graduate Mahatma Hansraj, the first Principal of the first DAV institution, who offered his honorary services as "Jeeven Daan" for 25 years. Matchless also is the sacrifice of his brother, Lala Mulkraj who fulfilled his pledge of supporting Hansraj's family all these years.

The DAV movement has rendered a unique service in not only dispelling ignorance and illiteracy but also by producing Patriots, Freedom Fighters, Social Reformers, Intellectuals, Doctors, Engineers of unparalleled merit, integrity and calibre. Presently, it is the largest non-government Educational Organisation in the country managing over 900 Educational Institutions.

Admission & Registration

USCD DAV Public School admits all students irrespective of nationality, colour, gender, religion, caste, creed or ability levels as long as they fulfil all the other criteria of admission.

We are an equal opportunity institution with strict provisions and established procedures for screening suitable candidates from all those applying for admission. The first important criterion is the need to limit admission to a certain number of students per class as also per section. This will ensure high quality interaction between students and teachers. The students seeking admission to our school need to understand the unique features of the school's curriculum, and present a matching wavelength compatible to the school's philosophy.

We admit students in to every class we operate – provided there are vacancies.

Registration does not guarantee admission to the school. It only ensures that a candidate may appear for the admission test.

Admissions to all Pre-Primary classes and class-I are based only on observation sessions of candidates and interviews with candidates' parents/guardians.

Admissions to classes II and above are a two step process. First, candidates appear for a written test in English, Hindi, Science, S.St., Mathematics and G.K. conducted in the school premises. In the second step of admissions process, candidates who qualify in the written test appear for a personal interview. The overall performance of a candidate in the written test and the personal interview determines whether the concerned candidate is to be admitted or not.

Step-wise process:

Collection of Registration Form along with school prospectus on payment.

Submission of filled in Registration Form along with all necessary documents mentioned in the form.

To appear for oral interaction for class-LKG to class-I and written & oral test for class-II and above.

After result declaration the selected candidates need to contact school office to fill in the Admission Form and proceed with the admission formalities. The process must be done within a week from the result declaration after which the seat will be passed on to the next deserving candidates.
